17 February 2026

Dear Parents and Whānau

This year we have an exciting opportunity to offer a **Maths Acceleration Programme** for students in Years 3 - 6. This is supported by the Ministry of Education. Students attend a 12 week programme, in small groups, 4 times a week.

This programme supports student’s learning in the following topic areas:

- Number structure and place value
- Addition and subtraction
- Multiplication and division
- Fractions and decimals
- Problem solving

The Ministry would like E-asTTle assessments to be completed at the beginning and end of the 12 week programme. We are required to submit a snapshot of the results, although no student names are provided. As the programme progresses I hope to connect with you, via class dojo or in person, to share the successes of your child.

Please return the attached permission slip, to the Frog Box at the Smiley Window by Monday 23rd February, to confirm that your child can attend these lessons. Please feel free to contact me if you would like to discuss this further.

Ngā mihi

Jo Lelieveld
Associate Principal/Maths Support
