Welcome to the Buckland School Community

Welcome to Buckland School - we're delighted your family has joined our community.

We're the Buckland School PTA, a group of parent volunteers here to create opportunities for our kids beyond what the classroom alone can offer. The school board already gives your child a fantastic education and a wealth of experiences - our job is the cherry on top, the extras that make their time at Buckland genuinely memorable.

In 2025 & 2026, $44,716 has been donated, that's meant:

- School trips, cultural events, learning resources and extracurricular programmes
- New sports uniforms
- $60 per child for camps and EOTC events, making these more affordable for every family
- New picnic tables for lunch in the sun

Our biggest event is Agricultural Day, held on the first Saturday of the Term 3 school holidays. It's a showcase of our children's crafts and projects, and the animals they've hand-reared. The whole community gets together to enjoy food, marketstyle stalls, raffles and auctions for the grown-ups, and rides and games for the kids on this day.

We know how much is already on your plate when you're settling into a new school, and how precious time is - especially with working parents holding it all together. So here's what we ask: put your hand up when you can, in whatever way suits your family. When everyone contributes a little, it's light work for everyone. Our kids notice when we show up for what matters to them, and there's no better lesson in community than that.

The best place to stay in the loop, get involved, or ask any non-school questions is our private Facebook group.
