Dear Parents, thank you to those who have sorted out stationery, it has made life a lot easier for all.

Just a reminder that homework should be done, checked and signed daily.

Please ensure that your child is always punctual and is in school uniform, they should wear their uniform with pride.

February is the month of love. Let us encourage our children to be friends, to be kind and respectful. If this is put into place it will help with discipline.

Kind regards

Ms Michelle
